

Hello Parrish Highlanders,

Our season is in full swing, Langlade County Forestry Dept has been fixing up trail damage from early spring till now. A few massive rain storms in June did not help out any. So, when you are out riding please move any hazards on the trail you might encounter. The bears are showing us their youth strength now. All those little to medium size trees hanging out over our trail system that had berries on them are great food for the youngsters & mom alike. Or they just like to climb & play on them. Look out for those "face slappers" as I call them. If everyone who road ATVs & UTVs just moved one tree branch or picked up some rocks that can be a hazard to someone, our trail system would be a better one. So next time you take a ride help your fellow riders to make it safer for everyone. Also, I have noticed a lot of our signage is growing into the forest, if you have some spare time next ride, trim those signs clear of the newly grow brush. I receive lots of "you know what you should do?" I answer "yes I do, I'll have you fixed it for me". These are your trails not just my trails! OK, OK I'll get off of my soap box for now. Thanks for your support.

Our 9th Annual Northwoods Rally is behind us, till next year. We had great weather this year. I would like to thank all our volunteers for their hard efforts toward the Parrish Highlanders & Pel-cho Mudd Nutz ATV/UTV Clubs. We thank Fisher's Bar of Parrish, Wi. Thanks to Jen & Jeremy Fisher for their support. Also, Erv's Sales & Service of Tomahawk, Al and his whole family supported our club in every rally we have hosted. We are looking for more vendors & dealers to do the same. So, if you might know of local or not so local vendors who would like to take part in the rally, let me know for next year's rally. Pel-cho Mudd Nutz & Parrish Highlanders had a successful 9th Annual Rally. Thanks again for your support of both clubs. See you at our 10th Annual Rally on June 22, 2019.

New trail maps are out for 2018-2019. This map has the Summit Lake to Augustyn Springs on it. Also, from Town & County Bar to Bowman Road in Oneida County & new route from White Lake to Polar, Wi. Maps are usually printed for the opening of ATV season every 2 years, but to many important trail changes & new routes from other clubs it was a late printing. This map is the responsibility of the club Presidents to get map ads from local sponsors, changing of ad information, trail changes and new routes into towns, with the help from Langlade County Forestry to supply the most informative information in true trail layout as possible. These maps are available at most of our club sponsors for a \$2.00 donation.

August 11, 2018 Parrish Highlanders will not have a club meeting, that day our club will be co-sponsoring the 1st Disabled Veterans Ride. Sponsored by White Lake ATV Club. I'm sure everyone is grateful for what our vets have done for us, so let's do something in return for them. Ride will leave White Lake pavilion at 10am. Those who are planning to sponsor their UTV's to take a vet for the ride must be at pavilion at 9am sharp, ride leaves at 10am and returns around noon. The Parrish Highlanders will be cooking at the pavilion and the food will be free. Anyone interested in taking a vet for a ride, please contact me at 715-275-3323 or rpbearsdn@aol.com. If you are a veteran and ATV or UTV please join in for a great day. White

Lake is 15 miles east of Antigo on route 64. Take county highway M into town of White Lake, the pavilion is on county M right in town. This event will be held rain or shine!
