Dedicated to the Advancement and Preservation of Our Sport

Hello Parrish Highlanders,

Trails are finally open in Langlade County due to rain & water from snow melt & more rain, some trails are still closed due to high water about 3ft plus at this time. We had high winds this year & had many trees across our trail system. It was a lot of work to handle for 3 volunteers. We take care of 57 miles of trails plus about 85 miles of routes. Even though our trails are open they are still under spring conditions, so take care when riding.

The ATV shelter was demoed on May 15th, all that remains is a concrete slab. Plans are being put together & waiting for a structural engineer to look over. I submitted our ideas to our county forester administrator, Erik Rantala to look at. I think this shelter will be better than the last. We have to put this project out for bids, some of our local contractors are already booked for the 2019 season. So, if you may know of a local contractor that would like to bid to build this shelter, have them call me at 715-275-3323 or get in touch with Erik Rantala at Langlade County Forestry 715-627-6300 for more details. Hoping to have it finished so we can host our 2019 World Famous Chili Dump on Oct. 12, 2019.

At our first meeting of this season our club had a guest from our area, Kevin Ashby asking all ATV clubs in Langlade & Lincoln County to help a good cause for our Wisconsin Veterans. He has run this event call Deerbrook Rumble. This will be their 7th annual. They raise money for vets for the Never Forgotten Honor Flights, for the people who kept this country free. If you would like to make a personal donation or take part in this ride please call Held's Bar 715-623-2743 talk to Molly or Chris Helds, or Kevin Ashby at 715-627-2121 or kb.team98@hotmail.com. The event poster is on our Facebook page also with this newsletter. Please thank our vets for their service. Each plane seat has a cost of \$500 per person, this event will be held at MC Festival Grounds on County Hwy H in Langlade County August 3, 2019.

Bridge across the Wolf River is the engineering stages with the DOT of Wisc. We attended a Forestry & Recreational meeting this spring to get the ball rolling on this project. Hope to see this project finished this year????? This bridge will let us pass across the Wolf in the town of Langlade to the state trail that runs north to the UP of Michigan & south to the town of Suring, WI and beyond.

At our next meeting June 8th, we will talk about a club ride in July, where, when & how?? This is for you to think about.

*Happy and Safe ATVing,
Rus Cook*
